

Some good news for you about our Household Waste Recycling Centres.

The phased process which has seen 15 of the 16 waste and recycling centres open on an appointment basis has been really successful. So much so, that from next week the County Council are able to lift some of the restrictions that are in place.

People will be able to visit in their car without booking an appointment from Monday 6 July.

From Friday 10 July people will again be able to use vans and trailers to carry their waste, although they will have to book an appointment before visiting. The booking system for vans and trailers will go live on Monday 6 July.

A number of further restrictions on using the sites will remain in place for all visitors, and residents are urged to check them before visiting.

I have put the link below for the press release which announces this change for you:
